

## Audio Visual Innovation's Advantage

You want to ensure the success of your meetings and presentations. Audio Visual Innovations' (AVI) talented staff is ready to assist you with all technical aspects of your meetings and presentations. We develop themes, creative staging, lighting, graphics and video production. AVI is your audiovisual consultant, providing you with the latest quality equipment and supporting you with a team of courteous individuals who have a passion for excellence.

The AV staff servicing the [Union Station](#) is part of the 26 year old parent company Audio Visual Innovation, Inc. headquartered in Tampa, Florida. With over 40 hotel properties, warehouses, sales offices and distribution points throughout the United States, AVI has the capability and flexibility to creatively support your meetings and events of any size and at any location.

Within [Union Station](#), AVI will provide you with a comfort level, while AVI's complete integration with the Events Services team ensures a familiar, full-service environment.

### AVI's Services:

- ▶ Audio Reinforcement
